Research Experience

Research Report (*Urban Investment Bond Market*) Guizhou Province,
Jan–Nov 2024

Mapped primary/secondary-market spread shifts under monetary easing; built a dual-axis "fiscal resilience * debt expansion" model to test provincial solvency; delivered a term-rating-issuer allocation playbook now used by local issuers and buy-side desks.

Evaluation Report (*Waste-to-Energy Plant*) Liping County,
Jan–Jun 2025

Created a lifecycle scorecard for efficiency, cash flow, subsidy reliability, and CO_2 abatement; results adopted by the county NDRC to unlock policy loans and special-bond quotas, trimming financing costs.

Field Survey (*Pricing of Tobacco Products in Offline Retail Stores*) Zunyi City,
Jul–Sep 2024

Surveyed 120 outlets (stratified sampling); built a brand-spec-channel price database; regression decomposition isolated tax pass-through vs. channel bargaining, guiding targeted market oversight and tax adjustments.
